

It's Your Turn to earn rewards with ERIE's YourTurn[®] Program

The YourTurn Program helps improve driver safety – one trip at a time.

Every year, distracted driving causes thousands of deaths in the U.S.¹ And our roads are full of distractions that lead to unsafe driving behaviors, especially for young drivers. At Erie Insurance, we're looking out for young drivers, but we also want to help make *everyone* safer on the road. One way we're doing that is by offering our Customers the YourTurn Program free of charge.

By measuring certain criteria like speeding, braking and phone usage, the YourTurn Program helps to make drivers of all ages more aware of their driving behaviors and identifies areas for improvement.

Within the first 30 days of the program, users see an average reduction of these distractions:²

35%
decrease in phone
distractions

20%
reduction in
hard braking

20%
reduction in at-risk
speeding

And if being a safer driver isn't important enough—**participants also can earn rewards** of up to \$5 (adult drivers)³ or \$10 (youthful drivers)³ in gift cards every two weeks for driving safely.⁴

Rewards are redeemable for gift cards that can be used on everyday purchases like a favorite latte from Starbucks[®] or drivers can save up their gift cards to make a purchase (there are over 25 gift cards to choose from). There's also an option to donate rewards to charity.
